Case Study

Hidden Creek Landscaping

Hilliard, Ohio - Hidden Creek Landscaping wanted a space that housed all business units in one location, as well as showcased creative, thoughtful landscape work, while promoting collaboration and design in an open environment. M+A Architects designed the space, while Continental Office Environments helped bring the vision to reality.

Results

- Relocated to new facility, with an open warehouse feel, that is closer to clientele
- Created a clean, modern work environment
- Developed flexible spaces to meet different workplace needs
- Open floor plan fosters better communication and collaboration
- A space that not only inspires great work, but one in which they're proud to host clients
