Case Study

ECOT

Columbus, Ohio - ECOT, a tuition-free online K-12 school, wanted to renovate their growing administrative offices to reflect the 21st century education solution they offer. Through the help of NVIRONMENT, we worked in a partnership with them bring their vision to life.

Results

- Created a modern workspace to help boost productivity
- Provided associates a mixture of individual and group workstations
- Increased natural lighting by opening up the space
- Crafted a durable, stylish flooring solution
- Space flexes to accommodate future growth within the company
